RURAL SERVICE - SINGLE PHASE

APPLICABILITY:

Applicable to all electric services of a single character supplied at one point of delivery. This schedule is not applicable to temporary, breakdown, standby, supplementary, resale, shared service, seasonal loads, or loads not meeting the conditions of service contained therein.

TYPE OF SERVICE:

Alternating current, 60 cycles, single phase at available voltages.

RATE:

Service Charge \$15.00 per month  
 Energy Charge 12.227 cents per kWh

ENERGY COST ADJUSTMENT CLAUSE:

The above rate shall be increased or decreased in accordance with Schedule 11-ECA as it currently exists or may be amended from time to time.

MINIMUM MONTHLY CHARGE:

The minimum monthly charge under this rate will be \$15.00 per month where 10 kVA or less of transformer capacity is required. Each member who requires more than 10 kVA of transformer capacity will pay, in addition to the above minimum, 75 cents per month for each additional kVA or fraction thereof.

CONDITIONS OF SERVICE:

1. Service under this schedule is limited to loads not in excess of 75 kW (100 horsepower motor). If the demand exceeds 75 kW during the peak season months of July and August, the applicable schedule will apply until July 1, the beginning of the following peak season. Demand shall be determined by demand instruments or a demand meter. Demand, when determined by a demand meter, will be the maximum kilowatt demand indicated in any 30-minute interval during the billing period. When the arithmetic total or indicated demand results in a fraction, the nearest unit kilowatt shall be used; that is, fractions of 0.5 or less will be dropped and fractions of 0.6 or more will be considered one unit.
2. Members may be required to use soft-start motors and/or start all connected motors incrementally.
